EXPERTISE

- Website Front -End Development

SKILLS

- C
- C++
- Java
- HTML,CSS
- Javascript
- React
- Figma

EDUCATION

National Engineering College (2023 - 2027) B.E (CSE) - 9.24 (CGPA) (Currently Pursuing)
BMC Higher Secondary School
HSC - 95.5%

NPTEL CERTIFICATION

- Completed NPTEL Certification on **Technical English** with **85%**
- Completed NPTEL Certification on **The Joy of Computing using Python** with **86%**

ACTIVITIES

- Organized events in the college symposium

EXPERIENCE

Intern

Internshala

2023 - 8 Weeks

- Successfully finished an 8-week online training program focused on Website development, honing practical skills for application development and deployment.

CERTIFICATIONS

CISCO :

Network Design and Basic Troubleshooting Commands

Completed Cisco Networking Certification on Network Addressing and basic troubleshooting commands , demonstrating expertise in network design, implementation, and Cisco technologies.

Linux-Unhatched:

Completed Cisco Networking Certification on Linux Unhatched course , demonstrating expertise in network design, implementation, and Cisco technologies.

GREAT-LEARNING:

UI/UX Design:

Completed UI/UX Design course at Great Learning, gaining expertise in user-centered design principles and prototyping tools.

PROJECTS

PG LIFE - Online PG Finder

- PG Life - Online PG Finder PG Life is an online platform that helps students and professionals find affordable and suitable PG (Paying Guest) accommodations in their desired locations. This application aims to simplify the process of searching, comparing, and booking PGs by offering a user-friendly interface and comprehensive features.

AIRLINE PASSENGER AND LUGGAGE MANAGEMENT SYSTEM An Platform to mamage Airline passenger details
